About MASECO Private Wealth

MASECO Private Wealth offers a holistic wealth management approach in developing and implementing tax efficient global wealth and asset management strategies for US persons who are non-domiciled in the UK. With more than a decade of experience in providing cross-border US Wealth Management services, MASECO employs leading global investment strategies and solutions that are both tax efficient and compliant.

Our Values

MASECO Private Wealth was founded in 2008 in the wake of the non-domicile tax rules being introduced in the UK. The Partners had previously developed the US/UK private client desk within a large Private Bank in London. They realised that as a result of these legislative changes, a different approach would be required to service the needs of US citizens living in the UK. The alternative structure needed to remain not only tax-efficient and cost effective for American individuals living in the UK but would also need to be built upon global best practices. Just over 14 years later, MASECO oversees over \$2.7 billion in assets.
