About MASECO Private Wealth

MASECO Private Wealth was founded in 2008 in the wake of the non-domicile tax rules being introduced in the UK. The Partners had previously developed the US/UK private client desk within a large Private Bank in London. They realised that as a result of these legislative changes, a different approach would be required to service the needs of US citizens living in the UK. The alternative structure needed to remain not only tax-efficient and cost effective for American individuals living in the UK but would also need to be built upon global best practices. Just 14 years later, MASECO oversees over \$2.6 billion in assets for approximately 800 families.

What we do

MASECO develops and implements global, tax-efficient wealth strategies for families, trusts and foundations based in the UK, USA and internationally. Our aim is to deliver expert advice, designed to simplify and tackle the complexities associated with cross-border wealth management. We deliver comprehensive wealth management and investment advice to clients based on trust and open communication. Our mission is to guide families with cross-border economic interests to a meaningful financial future. MASECO's Wealth Management equation provides a framework for the delivery of a systematic wealth management offering:
