

Would you like the opportunity to work within a growing, dynamic, wealth management firm? We are seeking a qualified candidate to join MASECO Private Wealth as an Investment Analyst to support a team consisting of the Chief Investment Officer and a Senior Investment Analyst. You will report to the Chief Investment Officer on a day-to-day basis.

The ideal candidate would be degree educated, ideally in quantitative finance and have 1 or 2 years of experience in performance measurement and analysis. The candidate should be organized with a keen attention to detail and strong numeracy skills. Knowledge of Morningstar is a definite plus.

The ability to interact with staff (at all levels) in a fast-paced environment, sometimes under pressure while remaining calm and flexible, proactive, resourceful and efficient with a high level of professionalism and confidentiality is crucial to this role. Strong written and verbal communication skills and attention to detail are equally important.

About MASECO Private Wealth

MASECO Private Wealth offers a holistic wealth management approach in developing and implementing tax efficient global wealth and asset management strategies for US persons who are non-domiciled in the UK. With more than a decade of experience in providing cross-border US Wealth Management services, MASECO employs leading global investment strategies and solutions that are both tax efficient and compliant.

Our Values

MASECO Private Wealth was founded in 2008 in the wake of the non-domicile tax rules being introduced in the UK. The Partners had previously developed the US/UK private client desk within a large Private Bank in London. They realised that as a result of these legislative changes, a different approach would be required to service the needs of US citizens living in the UK. The alternative structure needed to remain not only tax-efficient and cost effective for American individuals living in the UK but would also need to be built upon global best practices. Just over 10 years later, MASECO oversees over \$1.5 billion in assets for approximately 600 families.

What we do

MASECO develops and implements global, tax-efficient wealth strategies for families, trusts and foundations based in the UK, USA and internationally. Our aim is to deliver expert advice, designed to simplify and tackle the complexities associated with cross-border wealth management. We deliver comprehensive wealth management and investment advice to clients based on trust and open communication. Our mission is to guide families with cross-border economic interests to a meaningful financial future. MASECO's Wealth Management equation provides a framework for the delivery of a systematic wealth management offering:

Wealth Management = Investment Management + Wealth Planning + Relationship Management
